The regular Board meeting was called to order at 7:35 pm. Others present were Roy Priest, Chief Executive Officer, ARHA Department Heads, ARHA staff, City Office of Housing staff and community citizens. The Chairman apprised the Board that a quorum is needed for voting and the docket would be rearranged until a quorum is available.

ITEM 1. PUBLIC DISCUSSION PERIOD FOR RESIDENTS GROUPS – 10 MINUTES:

Ladrey High-Rise Residents Advisory Board (RAB) – Mrs. Maudie Hines, President, greeted the Board of Commissioners and stated Ladrey was operating and running smoothly. Mrs. Hines apprised the Board of the success of the Labor Day cookout, and how everyone had an amazing time. Mrs. Hines thanked the staff of Ladrey, Mr. Priest and Mr. Owens for their support and generosity.

Mrs. Hines stated the Ladrey Advisory Board bright colored t-shirts played a major role in the building they serve; to notify the Board Members and the Floor Captains of the neighborhood watch initiative.

Ms. Hines stated the building is in excellent condition both in security and cleanliness. Thanks to the efforts of the residents of Ladrey, Officer Griffin and the ARHA staff.

There was no further information to report.

 Alexandria Resident Association (ARA) – Ms. Shanelle Gayden, President greeted the Board of Commissioners and stated the ARA is still concentrating on reading with the children and getting involved with community functions to educate the youth through Parent Teacher Association and parental involvement at home.

Ms. Gayden, apprised the Board that the approval of Resolution number 597, would increase the payments standards of the Housing Choice Voucher Program participants and raise their rent. On behalf of residents, and voucher holders as myself, I'm recommending that the Board not pass Resolution number 597 for it would cause a tremendous hardship to hardworking individuals. It is known that residents will have to pay up to \$100 dollars if this resolution is approved. I do understand that HUD is generating various changes that residents aren't able to handle the increases with little or no notices. Residents are being told they can move to a smaller unit in which case everyone is aware that it's extremely difficult to located affordable housing in Alexandria.

I'm asking on behalf of all the residents that these increases not be approved for a minimum of six months, along with adequate meetings with residents to give them proper notification.

Ms. Gayden stated there was no further information to report.

ITEM 2. PUBLIC DISCUSSION PERIOD ON AGENDA AND NON-AGENDA ITEMS – 5 MINUTES:

Neighborhood Briefing (Alexandria Police Department) – Absent

FINANCE

ARHA FINANCIAL STATUS FOR THE PERIOD ENDING SEPTEMBER 30, 2014

Consolidated Budget

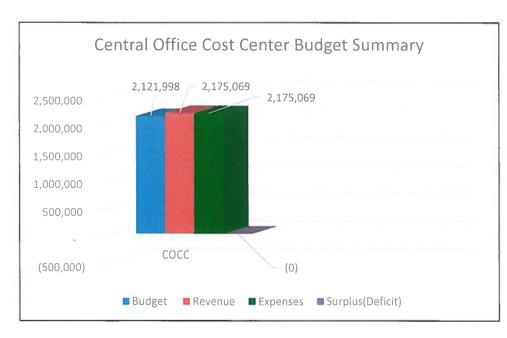

The overall financial performance remains consistent since the previous reporting period and we generated restricted reserves of \$2,180,276.

Revenues were \$881,569 or 3% less than budgeted. The majority of this shortfall is attributed to dwelling rent projections being 8% under budget and not having to transfer 48% of projected reserves. We anticipate the gap between rental incomes to remain flat once units at OTC Phase V are leased and we adjust accounts for un-collectable rents.

Expenses were \$3,061,844 or 11% lower than anticipated (This is attributed to our HAP expenses being \$1.9 mm under budget, not having to transfer \$630k in reserves to cover operating expenses, and staff managing the operating and administration expenses based on actual revenues). There were two expense category over budget, Ordinary maintenance and operations (8%) and Protective Services (95%).

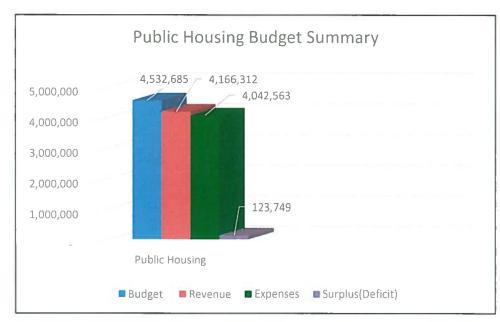

Central Office Summary

Revenues and Expenses were \$53,071 or 3% over budget. The main reason is that the fee income was higher than projected and because and Central Maintenance costs were higher as a result of vacant unit turns and rehab work at Princess Square (Jefferson Village)

We have used \$112k or 100% of budgeted reserves and \$108k or 72% of Developer Fee to support COCC operating costs.

Public Housing Summary

Properties include; Ladrey, Andrew Atkins, Samuel Madden, Ramsey, Scattered Sites I, Scattered Sites II, Scattered Sites III, Park Place, Saxony Square, Chatham Square, Braddock, Whiting & Reynolds, Old Dominion, West Glebe, James Bland Phase I, James Bland Phase II, and James Bland Phase IV.

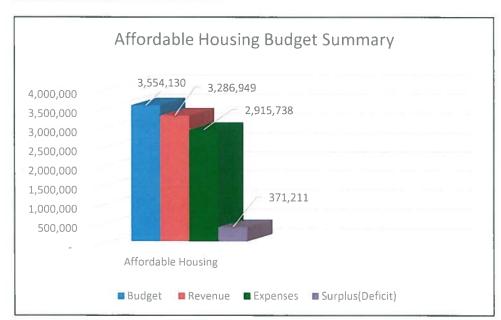

Revenue were \$366,373 or 8% less than budgeted due to a decrease in dwelling rent and not having to transfer reserves.

Expenses were \$490,122 or 11% less than budgeted as a result of

management controlling costs in Administration and General Expenses.

Among our PH properties, 6 AMPs yielded restricted reserves of \$123,749 and 5 AMPs produced net losses in the amount of \$73,009. This resulted in restricted net income of \$94,127. OTC is responsible for the largest loss (\$34k) because of low rental income and the amount of subsidy received from HUD.

Affordable Housing Summary

Properties include; James Bland Phase V, Miller Homes, Hopkins Tancil, Quaker Hill, Jefferson Village, and Pendleton Park.

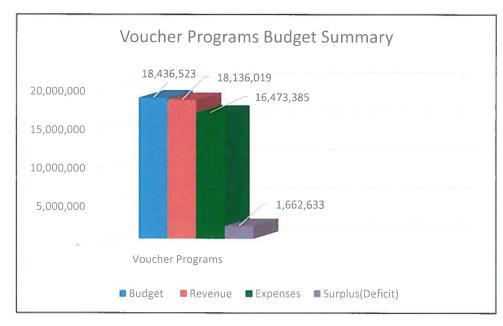

Revenues were \$267,181 or 8% less than budgeted due to dwelling rents being lower than projected.

Expenses were \$638,392 or 18% less than budgeted due to management controlling costs in Administration and General Expenses.

Among our affordable units three (3) properties generated a restricted

reserve of \$371,211, two (1) property generated unrestricted income of \$73k, which was transferred to support the COCC, and two (2) properties generated a net loss of \$112,451 as a result of vacancies and increased maintenance/rehab costs.

Voucher Programs

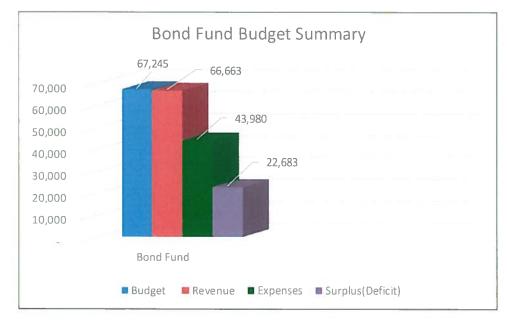

Includes Housing Choice Voucher Program and Mod Rehab.

Revenues were \$300,504 or 2% less than budgeted.

Expenses were \$1,963,137 or 11% less than budgeted because of lower than projected HAP payments to landlords.

Bond Fund

Revenue were \$582 or 1% less than budgeted.

Expenses were \$23,265 or 35% less than budgeted.

SUBJECT: ARHA FINANCIAL REPORT: January 1, 2013 – September 30, 2014

I. CENTRAL OFFICE

The Central Office Cost Center (COCC) includes the Executive Office, Finance & Administration, Asset Management, and Central Maintenance. This report reflects the expenses associated with their operations. Staff is following HUD's guidance in determining the management fee to charge to each of the Authority's developments. HUD has provided an outline of the overall policy framework underlying the development of that guidance.

The COCC charges the following fee monthly for each unit under lease. Management Fee \$63.52, Bookkeeping Fee \$7.50, and Asset Management fee \$10.00. HUD does not allow these fees to be charged to an AMP if it results in an operating loss.

For the period ending September 30, 2014, the COCC generated a net loss of \$220,601. We have utilized current year unrestricted revenue and developer fee to cover the net loss. The total amount of developer fee budgeted for the COCC in FY2014 is \$200,000, of which 54% or \$108,101 has been needed as of the period ending September 30, 2014.

Commissioners: Merrick Malone, Chairman Daniel Bauman, Vice Chairman Melvin Miller

Carter D. Flemming Brett J. Libresco Christopher Ballard Karl Sandberg Chyrell Bucksell Salena Zellers

Roy Priest, Chief Executive Officer

DATE: October 21, 2014

TO: Chairman Merrick Malone and the ARHA Board of Commissioners

FROM: Roy Priest, Secretary-Treasurer

SUBJECT: ASSET MANAGEMENT SUMMARY REPORT PERIOD ENDING 9/30/2014

1. Performance Indicators for Board Monitoring

The Asset Management Department is responsible for the management and operations of ARHA's public housing developments, including but not limited to all leasing activities, rent collections, maintenance and grounds, and the enforcement and compliance of ARHA policies, as well as HUD, State and local government regulatory requirements.

ARHA's Admission and Continuing Occupancy Plan, also referred to as the ACOP, is the official document to set forth all policies in accordance with HUD's regulations and other policies approved by the ARHA Board of Commissioners.

In addition to the ACOP policies, HUD requires all Public Housing Authorities to abide by certain rules and regulations designed to measure the PHA's performance against national benchmarks, as well as other industry standards used to measure the operational and financial status of the organization.

The following report provides an overview of the Asset Management performance, including but not limited to the following activities:

- Leasing and Occupancy
- Tenant's Account Receivables (TAR's)
- Vacant units turnaround time (down time + make ready [turn-over] + lease up time)
- Work Order performance pursuant to HUD standards
- Public Housing Assessment Systems (PHAS) score, annually revised by HUD, based on information gathered by HUD from electronic submittals, REAC inspections and other components provided by the Authority.

600 North Fairfax Street • Alexandria, VA 22314 • Office: (703) 549-7115 • Fax: (703) 549-8709 • TDD (703) 836-6425

The Tables and Charts provide a summary and overview of Asset Management activities and where applicable, include comparisons of performance indicators versus HUD standards, industry benchmarks, or ARHA's own goals. Further performance indicators not covered in this section may be included in the Secretary-Treasurer's report.

Table A below shows the Performance Indicators Benchmark and Goals, as determined by the Board of Commissioners or the CEO. Additionally, Table-A shows HUD's standards for each indicator, whenever it is applicable, or a range of values assigned to the indicator, which shows the level of achievement. In some cases, ARHA's benchmarks may be higher than HUD's standards.

Comments contain information pertinent to each indicator to help in the analysis of the scores shown below. Some of the scores are percentile values, while other scores are numerical values based on specific units. Chart "A" provides a graphic presentation of Table A.

The Chart C below shows the vacant unit activity per sites based on the content of Table C. Please note that some developments have been accumulated under one name due to the limitations of the graphic (i.e.: Scattered Sites I, II and III, are all under "Reg. 3 Scattered Sites", Braddock, Reynolds and Whiting are under "BWR", etc.) All vacancy rate values are percentiles. Vacant Units are numeric values based on actual number of units concentrated within the development description shown in the chart.

Jefferson Village Updates

The leasing activities at Jefferson Village are moving forward, after the initial slow down due to the legal actions to evict delinquent rent and criminal cases. Below is the summary for the current reporting period as of the closing of this report:

Unit renovated and ready for lease (as of 9/30/2014)	11
Renovated units leased as of closing of this report:	9
Renovated units pending	2
Vacant units as of the closing of this report	4

II. Year-to-Date Administrative & Legal Activities

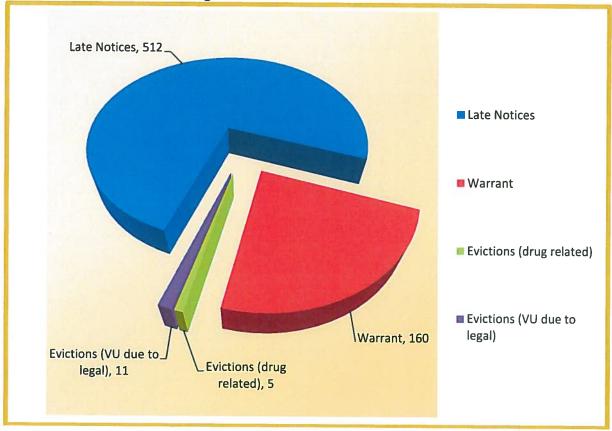

The following Table and Chart(s) provide a summary of the legal activities initiated by staff to enforce lease compliance, including but not limited to non-payment of rent or other charges, violation of the lease agreement unrelated to rent payment, and actions initiated by the Alexandria Police Department as a result of illegal activities, including drugs.

Chart D below, shows the Year-To-Date numbers that quantify the above steps. The variances shown in the chart also illustrates how the various step-actions are carried out based on the residents' response and the adjudication of the cases.

The current year reflects all activites that have taken place since the beginning of the year up to the current reporting period, all values are accumulative.

CHART D

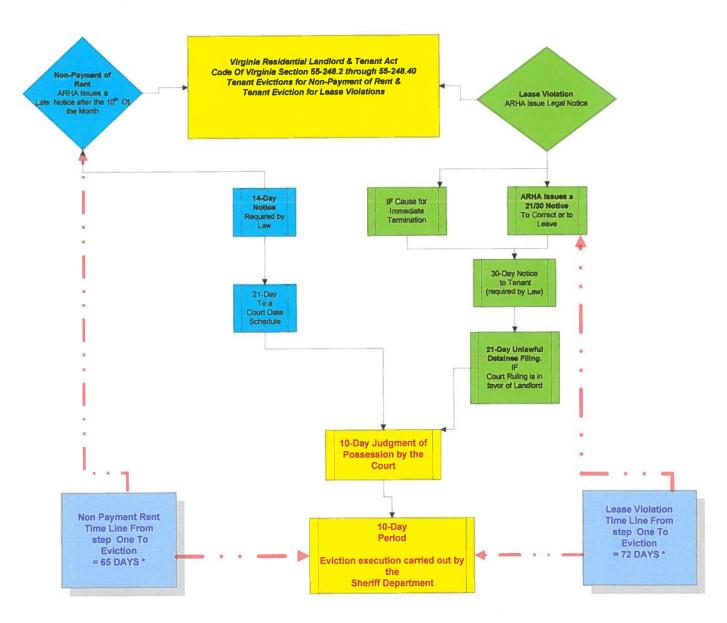

Legal Process for Virginia Residential Landlords and Tenants is illustrated in the flow chart below. The VRLTA covers two legal scenarios: a) cases for Non-Payment of Rent, and b) cases for Lease Violations, which also include drug cases and any other case not related to rent payments.

The total time line may vary by circumstances, including but not limited to the Landlord's action, the Court actions in moving forward or allowing the defendant additional time or other recourses and the tenant's actions (contesting the case, etc.). The time lines showed below are the average for each type of case.

Housing Choice Voucher Program (HCVP) Activity Report

I. HOUSING CHOICE VOUCHER PROGRAM SUMMARY OF ACTIVITIES

The current program utilization rate is 76% of the annual contributions contract (ACC) with 89% of the budget authority expended. While forty one (41) portable vouchers administered were absorbed, nine (9) existing program vouchers were terminated. This resulted in a net of 32 vouchers under lease for the month ending September 30th. The voucher issuance lease up success rate is slowly increasing now that the payment standard has been adjusted to 110% of the fair market rent. However, there are still a large number of families exercising their right to portability into Fairfax County and Prince Williams County predominately, to seek more affordable units. Our data shows this to be the case primarily with families seeking 1 and 4 bedroom units.

Staff has completed the payment standard adjustments for tenant certifications with an August 2014 effective date. This process included adjustments for 179 households. The total HAP variance as a result of the lease up and payment standard adjustments yielded marginal expenditures of just over \$34k. As such, staff will adjust the payment standard retroactively to January 2014 for all active families to aid in decreasing HAP reserves.

The waiting list purge is still underway. This task has proved to be a bit more challenging than originally thought even for our vendors. After a few conference calls to discuss some anomalies the scope of work has been further clarified. A change in vendor was required due to the magnitude of the project and the efficiency required. The new vendor is currently finalizing the plate specs required for printing for review and approval by staff. The bulk mail letters are schedule to go out by the end of October. Applicants will then have 14 business days to return the purge notice with updated information. This will complete phase one of this project. Phase two requires data entry of all of the updated information into our Tenmast software after which all list will be reconciled. Thereafter applicants will be able to obtain their current position on the waiting list. Our goal is to make this an automated process whereby applicants can call in to the system, enter their social security information and obtain information on active waiting list applications related to that number.

Momentum is building for our biweekly general information sessions which are currently held the second and fourth Tuesday of every month. The forum was initially developed as a precursor to the waiting list purge for applicants; however the majority of the questions generally stem from misinformation circulating about the ARHA RFP for the remaining sites redevelopment. As such the sessions have proved to be a vital platform to ensure the community at large receives accurate information on ARHA redevelopment, revisions to state and federal program guidelines and current internal standard operating procedures. In light of this response, we will continue the sessions indefinitely, beyond the waiting list purge, to satisfy the demand for this information.

- Capital Area Food Bank/Clagett Farm invited our Garden Club participants to their Fall Harvest Festival in Upper Marlboro, MD. As a part of the festival, students were able to tour the farm via a hayride, help move the cattle, enjoy fresh wood-fired pizza made in an outdoor clay pizza oven, and participate in a scavenger hunt, along with other arts and crafts.
- The Reading Workshop is our newest partner and will be providing an afterschool reading program for students at our Charles Houston Recreation Center program on Thursdays.
- **Department of Human and Community Services** will be providing a program for our middles school aged female youth, through their Sexual Assault Division, to help our teens better cope with challenges they may face especially in the areas of sex and sexuality.

Special Notes/Upcoming Events:

Nicole Hernandez, who graduated from the Momentum Leadership Program this summer was recently awarded the inaugural 2014 Outstanding Youth Award from VHDA and will receive her award at the Governor's Housing Conference in Norfolk, VA on October 30th. The award is to honor a young individual that has made a positive impact in their community.

Our 4th annual ARHA sponsored stage play, "Senior Moments", will go up on November 14th and run for two weekends. This original musical production, which brings together many talented artists from around the DC metro area, is a fundraiser to support ARHA youth programming. PART II OVERVIEW OF FACILITIES AND MODERNIZATION ACTIVITIES

A. Current Facilities and Modernization activities in progress as of the closing of this report include:

1. Vacant Units Turn Over

During this reporting period, eighteen (18) additional units were added for rehabilitation and turnover work and four (4) units have been completed and turned over to Asset Management for leasing as of the end of the reporting period.

One unit is off line for substantial rehab under the capital fund program.

2. Preventive Maintenance (PM)

Seasonal preventive maintenance tasks such as Heating & Ventilation, exterior lighting, fire monitoring and other life and safety equipment is under way due to the weather changes and the upcoming heating season, and will continue through the remaining of the year as the regular workload may permit.

3. Princess Square (formerly Jefferson Village) Improvements

As we informed in the last report, the exterior work continues, including the following:

- Building and court yard light fixtures upgrades (in progress)
- Custom fabrications and installation of Awnings (on order)
- Two new signs for West and Princess Street (on order)

- Condo building refitted with new locks and remote door opener/intercom, with restricted key system to each building for increased security
- The new site office was completed, including furnishing, web access to ARHA servers, telephone and alarm security system.

While working on new vacancies at the site, staff will continue with the remaining of the improvements, weather permitting, including the following:

- Design and installation of a site security system (CCTV), web accessible with 24/7 remote monitoring.
- Installation of the toddler playground, to be completed in three phases, starting on or around November 2014, and completion estimated for Spring of 2015:
 - o court yard concrete demo and site preparation,
 - o installation of playground's rough iron fence and gate
 - o installation of playground lighting
 - o installation of new playground equipment and mulch (to be coordinate with the residents as a community event)

PART III ARHA Smoke Cessation Program

B. Policy Implementation Update

The implementation of the ARHA Non-Smoking Housing Policy is being phased as follows:

- 1. The ARHA Non-Smoking Housing program implementation will continue through the remaining of this year and through 2015, including additional smoke cessation clinics, meetings with residents to educate about the program and its implementation as well as the House Rules and Regulations regarding the new policy and how it affects their lease.
- 2. The posting of interior and exterior signage regarding the Non-Smoking Housing Policy has been delayed until November or later due to budgetary transition. The financing for this project comes from a grant of the City of Alexandria, which expired July 31, 2014 and the second grant started August 1, 2014. The process still in progress and we anticipate a delivery around November of 2014, or later.

Leasing of the lower level units of 905 N. Patrick was sequenced after completing the upper levels. All but two multifamily units are occupied and the final two units are tentatively scheduled for lease and move-in on Friday, October, 17, 2014. Three (3) of the last Triplex affordable units turned over to ARHA on October 6th and the final three (3) units for the project were turned over on October 10, 2014. The later date was due to an encroachment issue at the front porches of two units at 902 and 906 First Street which was not caught during previous coordination of the overhead features with the civil engineering drawings. The encroachment was picked up by a City Planner. EYA submitted to the City an Application for Encroachment into the Right of Way to the City on October 9, 2014. There will need to be formal action related to this deficiency. The Planning Commission Hearing is scheduled for November 6, 2014 and the City Council will hear the appeal on November 15, 2014. The City issued the Certificates of Occupancy for the ARHA units but is withholding certificates from two EYA market rate units until the matter is resolved. This was negotiated by EYA in order to maintain ARHA's schedule for completion.

As of September 17th (date of last application for payment from EYA), the land development is 89% completed. While construction of the triplex units is complete, billing was noted at 91% completion as of the end of August. The multifamily buildings are 100% complete with final billing submitted and being reviewed by the third party cost consultant. The land development is being coordinated so that the ARHA work is complete and closeout can be accomplished by the end of the year.

The contract Turnover dates versus what EYA has delivered is included in Tables 1 - 3 below. EYA has reservations or has settled on 52 of the 62 townhomes (Figure 1). Sales graphics are included

as Figure 1 below. The control of the Master Association turned over to the homeowners on September 30, 2014.

REQUEST FOR DEVELOPMENT PARTNERS, VARIOUS SITES

The consultant that analyzed the financial capacity of the respondents for this RFP Part 1- Qualifications and Part 2A will be making a presentation to the Board in Executive Session. There will also be an update on the posting of the short listed Partners and the Part 2A instructions at this time.

RAMSEY HOMES

The team recently submitted Concept 1. The following issues are expected to be discussed as part of informational meetings with the city staff, as part of formal submittals, and during upcoming public outreach:

- A mixing of income, onsite versus within the neighborhood context
- Density, massing (multi-family and/or townhouse-style), and building height
- Parking, setbacks, and open space
- Materials and detailing in context with historic neighborhood

The schedule is fluid but remains based on submission for tax credits in March 2016. Consultant reports and pre-requisites to the design work are underway.

GENERAL INTEREST ITEMS

REACH Predevelopment Loan Application

A REACH Predevelopment Loan Application (the "Loan") requesting \$100,000 has been verbally approved by VHDA. The terms of the Loan will define the loan amount as a low-interest loan, to be repaid to VHDA as permanent financing on the redeveloped property. Should the project be determined to be infeasible and not move forward, the Loan will convert to a grant and is not required to be repaid? The approval of these funds is taking some amount of the risk out of the pre-development efforts.

VHDLLC Staff Capacity

Real estate development is a unique and heterogeneous commodity. Throughout the various stages within the real estate life cycle, different knowledge and skills sets are required in order that ARHA, VHDLLC, owners, tenants, investors and occupiers of all of our developed properties can make effective and successful decisions with regard to the real estate opportunities that are presented or available in our portfolio. Essentially the real estate life cycle would comprise a whole spectrum of activities such as real estate development and marketing, real estate economics and market analysis, real estate investment and finance, real estate pricing and appraisal, property and facility management, real estate law as well as urban land use and planning.

Understanding this, staff published a solicitation for Development Specialty Consultants in order to pre-qualify a list of consultants that staff could employ at that some precise point in the development process, real time, for the services required. The vehicle for now engaging the specialists is an Indefinite Delivery Indefinite Quantities Purchase Order with a not-to-exceed cap.

A representative listing of the categories of proficiencies and representative tasks is below.

PHASING/SEQUENCING

- ARHA shall retain the right in the RFP 14-02 process to determine the sequencing of the redevelopment efforts. It is anticipated that there could be multiple Selected Developers and that a development effort for a given Development Site could also be phased in order to provide ARHA optimal exposure to limited funding sources. All of the Proposals will have to be carefully considered in the sequencing of the Development Sites, and beyond the sequencing, the phasing within a Development Site. The sequencing/phasing on an effort of this magnitude and the implications of each should be carefully studied and weighed, prior to commencement of redevelopment efforts on any one Development Site.
- Multiple and alternate forms of project delivery.
- Defining contractual frameworks and risk allocation schemes for the closing of complex multifamily residential transactions including real estate and non-real estate assets in a public private partnership arrangement.
- Assessing the execution and market risk inherent to residential real estate offerings.
- Sequencing, phasing and scheduling of multiple projects where phasing can be between multiple sites or within one site and dependent on the same pool of funding.
- The structuring/negotiation of public private partnerships or joint venture partnership agreements, purchase and sale and/or ground lease agreements.
- Due diligence related to the acquisition/disposition of real estate; including but not limited to market research, environmental, and risk analysis.
- Drafting/negotiations of key business criteria

FINANCIAL MODELING/UNDERWRITING

- Advising in the process of crafting financial strategies
- Asset Valuation, portfolio optimization, acquisition and divestment strategies.
- Economic analysis of mixed-income, multifamily residential transactions to the ARHA and City of Alexandria.
- Real estate financing, including public and private housing financing (short-term), and financial management and asset management (long term).
- Housing development and the economic vitality at the state, local and neighborhood level (direct economic impact as well as indirect and induced impacts).

PLANNING

- Government entitlement processes, master planning, land development, vertical design and constructability; including historic preservation. A Consultant could be requested to review and evaluate at minimum, schematic plans depicting building footprints, streets, open space, density, unit mix, height, massing, major utilities, landscaping, and color architectural elevations that describe materials. Proposers must have intimate knowledge of the City of Alexandria Planning and Zoning development review and building permit processes.
- Consensus building with governing boards and commissions and the general populous on

matters related to affordable housing development.

- Public relations
- Assistance with overall project scheduling and navigating the City processes

REGULATORY/FUNDING AGENCY COMPLIANCE

- Federal (HUD) Mixed-Finance procurement regulations and related regulations
- Davis Bacon
- HUD requirements for disposition
- Regulations applicable to the displacement of rent subsidized households.
- HUD Mixed-Finance Regulations
- Community economic development and the ability to measure potential plan outcomes as it relates to Section 3 and disadvantaged business enterprise goal advancement and achievement.
- Property Management/Initial lease-up compliance
- Asset Management
- Regulations related to eligible basis for tax credit funding
- Scope of work development for RFP/RFPs

DESIGN/CONSTRUCTABILITY

- Asset management requires cost effective strategic decisions and long-term vision when considering construction materials. Knowledge of durable materials is key to good specifications writing.
- Constructability, VHDA cost containment measures and HUD TDC.
- Long term sustainability. Achieving as much as possible for a minimal investment by optimizing the price-quality ratio.
- Focus on maintenance and management issues related to materials.
- Economies available based on the scale of the project.
- Project Management.

Eleven (11) firms responded to this solicitation. Solid credentials were included in the responses received for each of the categories. A sampling of the proficiencies of the respondents is as follows:

- Full range financial and development consulting;
- Program development;
- RAD and operating subsidy modeling and evaluation;
- Negotiation support;
- RFP writing and developer partner selection process development;
- Benchmarking services;
- Sequencing and economic modeling;
- Underwriting;
- Land use legal services;
- Planning;
- Tax credit application preparation;
- New Market Tax Credit intake form preparation and negotiation;
- Tax exempt and taxable bond issues, including competitive placement, negotiated underwriting and advertised public sales;

- Strategic evaluation of Mixed-finance housing projects;
- Community and public engagement;
- Owner's representative development consulting;
- Property Management;
- Regulatory/funding agency compliance;
- Design and Constructability.

Open Letter to Our Residents & Alexandria Community

The Alexandria Redevelopment and Housing Authority (ARHA) has initiated the process to redevelop eight sites in its portfolio: Andrew Adkins; ARHA Administrative Building; Ladrey Senior Hi-rise; Samuel Madden; Ramsey Homes; Hopkins-Tancil; Cameron Valley and Jefferson Village. These properties contain 561 units, some that date back more than 70 years, which need to be revitalized. We are going to provide replacement units on a one-for-one basis, pursuant to Resolution 830, in new mixed-income communities.

The new units will continue to provide affordable housing for the benefit of existing and future residents who we have traditionally served in the City of Alexandria, along with producing new market rate housing. These development efforts are based on the ARHA 2012-2022 Strategic Plan, which can be viewed on the ARHA website (www.arha.us).

The search for development partners began this past January, and there is tremendous interest in the sites being offered. It is anticipated that partners will be selected by mid-year 2015, after which the sequencing of the development efforts will be determined, and each site will work through any rezoning requirements. The public procurement process to select partners and any subsequent rezoning should take approximately 18 – 24 months to complete.

ARHA will select those proposals from development partners that promote creation of sustainable, mixed-income and mixed-use communities that are well integrated with the surrounding neighborhood. It is further envisioned that the new communities will increase the desirability of each site by making it an area that people who can afford to live in market rate housing will choose to live in this type of neighborhood.

ARHA does not expect that any of the redevelopment being planned will cause most families to be relocated until 2017. Relocation policies will be developed, adopted by the ARHA Board of Commissioners, and used to implement the relocation activities. The funding that will be used for the redevelopment efforts will also impact the relocation plan that will be designed to provide a right to return to all households. We expect that these efforts will mirror prior efforts where ARHA provided permanent housing choices.

It is also important to note that ARHA builds people and not just physical buildings. We recognize the need to invest time and resources in our residents to help them achieve self-sufficiency. This is the reason the Resident and Community Services Department at ARHA is robust with organized activities to improve conditions for our clients, ranging from employment skills, to healthy living and financial leadership.

In order to assist our residents with self-sufficiency, ARHA expects through these development efforts that jobs will be created (in the following order of priority) for: 1) ARHA residents;

2) Economically disadvantaged residents of the City of Alexandria; and, 3) Economically disadvantaged residents in the metropolitan statistical area.

It is ARHA's intention to deliver developments that are quality, market-sensitive and financially viable products; provide services and amenities to the residents and businesses in the City; and encourage stakeholder involvement and input throughout the development process. As the redevelopment process advances, we will schedule community outreach meetings using the City's "What's Next Alexandria" Civic Engagement standards to engage our residents and the citizens throughout the City. There will be regular updates on the status of our redevelopment efforts posted on our website and through various other methods including: resident association meetings, mass emails, flyers, e-mail blasts and monthly resident meetings.

I encourage all residents to increase their active participation at all meetings that are scheduled. These meetings are designed to inform you about ARHA's redevelopment efforts and the daily operation of your housing. All of the information provided during the meetings will be created with you in mind and will be structured to lessen community anxiety and reduce any misinformation resulting from not knowing what is occurring.

ARHA envisions developments that will improve the streetscape on all of the offered sites and surrounding neighborhoods, as well as encourage pedestrian activity. ARHA envisions new communities that respect and preserve the neighborhood history, community institutions and cultural values. ARHA also envisions a developed community that exhibits the tolerance and traditions of both its developed and social environments; an environment where ARHA residents will have a voice that is heard.

This is my open invitation to ARHA residents and the community to join us in the accomplishments of these visions.

Sincerely,

Roy Priest

Chief Executive Officer

EVENT ALERT

Tuesday, October 28th 8 AM – 2 PM

EYA, ARHA and the City of Alexandria will hold a completion ceremony onsite at Old Town Commons.

Alexandria's Parker-Gray **District: Then and Now**

Unless you've lived in Alexandria for most of your adult life, you

and unique dining that today draws residents and visitors alike. On Wednesday, Oct. 22, at 7:30 p.m., two City preservation

planners describe this change as it relates to one of Alexandria's oldest neighborhoods, known as Parker-Gray.

Catherine Miliaras and Stephanie Sample present "Alexandria's Parker-Gray District: Then and Now" at The Lyceum ---Alexandria's History Museum, for the Alexandria Historical Society. Lightly settled until after the Civil War, Parker-Gray was originally known as "Uptown," an African-American neighborhood with a strong commercial core centered on Queen and North Henry Streets. The name Parker-Gray comes from two late-19th/early-20th century principals of local schools, John Parker and Sarah Gray, and the neighborhood makes up the historic northwest quadrant of what most people know as Old Town Alexandria.

By the late 1970's, neighborhood residents faced threats to their historic community from urban renewal, the development of the Metro system as well as gentrification. Miliaras and Sample will put these issues into perspective in the larger world of historic preservation and show how public action led to the establishment of the Parker-Gray Historic District.

The talk is free and open to the public; doors open at 7:00 p.m. Parking is extremely limited at The Lyceum itself, but there are garages and street parking nearby. The Lyceum is located at 201 S. Washington St, Alexandria, VA 22314.

ARHA's Second Annual Community Job Expo

Oclober 7th 2014

Alexandria Redevelopment & Housing Authority spearheaded the second annual Community Partnership Job Expo on Oct. 1. in partnership with the City of Alexandria Joblink, Laurie Mitchell Empowerment & Career Center, Virginia

Employment Commission and Outside the Walls Ministry.

The Community Partnership Job expo is an annual event that provides employers and potential employees with the opportunity to network and share job information. There are 50 employers that participated on Oct. 1 at the Charles Houston Recreation Center. There were more than 300 job seekers present at the job expo.

"Events like this expo are important because employment is a critical component of self-sufficiency," stated Nora Lopez, event lead coordinator. Lopez is one of ARHA's self-sufficiency coordinators who led the creation and coordination of the entire expo.

Some of the employers were Capitol Hill Police, City of Alexandria Human Resources, Alexandria Police Department, Sheriff's Department, The Goodwill, Best Buy and The Office of Personnel for the federal government. All employers interacted with job seekers, giving pertinent information about the application process and sharing the company's philosophy.

Job seekers were able to utilize the computer lab at the center in order to expedite the application process.

"I applaud ARHA's leadership with Mr. Priest and his staff on the organization of this event," said Mayor

William Euille. Euille reiterated the importance of the connection of employment and self-sufficiency. Council Members Del Pepper and John Chapman were also in attendance and gave encouraging words to all of the job seekers and thanked the employers.

Kurt Creager Appointed Director of the Department of Housing and Community Development

Oct. 7, 2014

News Highlights

- Kurt Creager will begin his new duties on Oct. 27
- Succeeds Paula Sampson, who will retire in January 2015
- Creager has over 30 years of experience in the field of affordable housing and community development

At its Oct. 7 meeting, the Board of Supervisors appointed **Kurt Creager** as the next director of the Department of Housing and Community Development (HCD). Creager will succeed Paula Sampson, who is retiring in January after more than 22 years of dedicated service to Fairfax County, including 15 years as the director. **Creager will start on Oct. 27** and will spend the next few months transitioning responsibilities with Sampson.

HCD serves both as staff to the Fairfax County Redevelopment and Housing Authority and as a county department, committed to preserving affordable housing and caring, livable communities in Fairfax County.

Creager has over 30 years of experience working in the affordable housing and community development industry. He was most recently the director of housing and community development at Otak, Inc. in Vancouver, Wash., where he has worked since 2012. Creager is also the president of Urbanist Housing Solutions, LLC, which works to integrate affordable workforce housing into mixed-use transit oriented communities and sustainable master planned developments. In this capacity, Creager has served as a financial advisor to the Housing Authority of the City of Los Angeles, the Housing Authority of the County of San Bernardino, Calif., and the Rocky Mountain Development Council of Helena, Mont..

Previously, Creager served as executive director of the Stardust Center for Affordable Homes & the Family at Arizona State University, leading research, public policy and demonstration projects which advanced sustainable urbanism and affordable housing statewide. Prior to his tenure at ASU, Creager served both as executive director of the Vancouver, Wash. Housing Authority/Public Development Authority, and as chief of housing and economic development with Metropolitan King County in Seattle.

Creager has a bachelor's degree in environmental planning and architectural graphics from Western Washington University. He also attended the Kennedy School of Government State & Local Public Executives Program at Harvard University and the Cascade Management Institute at the Graduate School of Public Affairs at the University of Washington. He will receive an annual salary of \$170,000
