#### INDEPENDENT AUDITORS' REPORT

The Board of Commissioners Alexandria Redevelopment and Housing Authority Alexandria, Virginia

We have audited the accompanying financial statements of the business-type activities, each major fund, and the aggregate remaining fund information and blended component units of the Alexandria Redevelopment and Housing Authority as of and for the year ended December 31, 2015, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements, as listed in the <u>Table of Contents</u>.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of certain component units, as discussed in Note 1 to the financial statements. The total investment in these component units was \$60,167,513 as of December 31, 2015, and the total net equity in their net gains was \$11,195,065 for the year then ended. The financial statements of the operating entities referred to above were audited by a component auditor whose reports have been furnished to us, and our opinion, insofar as it relates to the amounts included for these entities, is based solely on the reports of the component auditor. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### INDEPENDENT AUDITORS' REPORT (CONTINUED)

#### Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities which comprise the major fund of the Alexandria Redevelopment and Housing Authority at December 31, 2015, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Other Matters**

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages 3 through 16, the Schedule of Net Pension Liability on page 63, and the Schedule of Employer Contributions to the Virginia Retirement system on page 63, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Authority's basic financial statements.

The accompanying schedule of expenditures of federal awards, as required by Title 2 U.S. Code of *Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

#### INDEPENDENT AUDITORS' REPORT (CONTINUED)

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 30, 2016, on our consideration of the Alexandria Redevelopment and Housing Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grants agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Alexandria Redevelopment and Housing Authority's internal control over financial reporting or on compliance reporting and compliance.

## ALEXANDRIA REDEVELOPMENT & HOUSING AUTHORITY MANAGEMENT'S DISCUSSION & ANALYSIS FISCAL YEAR ENDED DECEMBER 31, 2015

This section of the Authority's annual financial report presents Management's analysis of the Authority's financial performance during the Fiscal Year Ended December 31, 2015.

#### FINANCIAL HIGHLIGHTS AND CONCLUSIONS:

- The Authority continued to move to a complete revitalization of their Public Housing properties with the issuance of a Public Housing Development agreement and review of proposals. The Authority is working toward revitalization of all Public Housing developments either through a partnership with qualified Development Corporation's or through internal development corporation.
- The Authority completed the year with an increase in Net Position in the amount of \$10.25 million.
- The Authority's financial operations have evolved in complexity over recent years from a traditional housing authority supported by public subsidies (federal and state) to reflect our role as an originator or sponsor of various public-private partnerships where financing and operating income is derived from multiple sources, including private capital, commercial financing, market rents and sale proceeds. As a result of this complexity, the Authority has opted to add additional disclosures relating to the limited partnerships (Note 22) and detailed component unit information (Additional Information).
- The Authority was awarded a Capital Fund (CFP) 2015 grant during fiscal year 2015 in the amount of \$1,031,866. Total CFP expenditures during the year were \$1,104,782.
- The Authority completed James Bland Phase IV and V during fiscal year 2015.
- The Authority received public housing operating subsidy in the amount of \$3,293,450.
- The Authority received funding for the Section 8 Housing Choice Voucher Program in the amount of \$21,446,790.
- The Authority received three (3) Resident Opportunities Supportive Services grants in the amount of \$274,849 and spent \$155,948 during the fiscal year.

• The Authority adopted GASB 68 during fiscal year 2015. The net pension obligation for FY 2015 was a net balance of (31,290). The Deferred Outflows of Resources balance was \$169,649 related to pension payments made post the 6/30/2015 measurement date of the Virginia Retirement System report date. The Deferred Inflows of Resources balance was \$605,493.

#### **REQUIRED FINANCIAL STATEMENTS**

Management's Discussion and Analysis (MD&A) serves as an introduction to, and should be read in conjunction with, the basic audited financial statements and supplementary information. The MD&A represents management's examination and analysis of the Authority's financial condition and performance.

The financial statements report information about the Authority by using full accrual accounting methods as utilized by similar business activities in the private sector. In management's opinion, the financial statements present fairly, in all material respects, the financial position, results of operations and cash flows of the Authority in conformity with generally accepted accounting principles.

The Authority is engaged only in "Business-Type Activities" and is considered a "Special Purpose" government under Paragraph 138 of GASB 34. The Authority will present its financial statements according to Paragraph 138 of GASB 34 and will consist of the following: (a) Balance Sheet (b) Statement of Revenues, Expenses and Changes in Net Position (income statement), and (c) Statement of Cash Flows. In addition to the basic financial statements, the Authority will present notes to the financial statements and required supplementary information.

The **Statement of Net Position** presents information on all of the Authority's assets and liabilities, with the difference between the two as Net Position. Assets and liabilities are presented in order of liquidity, and are classified as "Current" (convertible into cash within one year), and "Non-Current". Over time, increases and decreases in Net Position serve as a useful indicator of whether the financial position of the Authority is improving or deteriorating.

The Statement of Revenues, Expenses, and Changes in Net Position (income statement) presents the results of the business activities of the Authority over the course of the fiscal year. The focus of this statement is the "Change in Net Position", which is similar to Net Income or Loss. All changes in Net Position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the related cash flows. Thus, revenues and expenses are reported in this statement for some items that will result in cash flows in future fiscal periods.

The **Statement of Cash Flows** presents changes in cash and cash equivalents, resulting from operating, financing, and investing activities. This statement presents cash receipts and cash disbursement information, without consideration of the earnings event, when an obligation arises, or depreciation of capital assets.

The Notes to the Financial Statements provide required disclosures and other information that are essential to a full understanding of material data provided in the statements. The notes present information about the Authority's accounting policies, significant account balances and activities, material risks, obligations, commitments, contingencies and subsequent events, if any. Also, included is the required **Supplemental Information** containing items such as budget to actual comparisons, debt information, and grant activity.

The financial statements were prepared by the Authority's staff from the detailed general ledgers and supporting documentation for each fund in conformity with generally accepted accounting principles (GAAP). The financial statements were audited and adjusted, if material, during the independent external audit process.

#### SUMMARY OF ORGANIZATION AND BUSINESS

The Alexandria Redevelopment & Housing Authority (the "Authority") is a political subdivision organized under the laws of the State of Virginia by the City of Alexandria for the purpose of providing adequate housing for qualified low-income individuals in accordance with the rules and regulations prescribed by the Department of Housing and Urban Development.

The Authority is governed by a Board of nine Commissioners appointed by the City of Alexandria and has governance responsibilities over all activities related to the Authority. The Board of Commissioners has full decision-making authority and the power to designate the management of the Authority. The Authority's Board elects its own chairperson. The City of Alexandria has no influence over the management, budget, or policies of the Authority. The Authority is a legally separate entity that is fiscally independent of other governments, and there are no other entities that are to be reported as component units of the Authority. The Authority is not included in the City of Alexandria's financial reports. Therefore, the Authority reports independently.

The Authority operates and manages several different programs and presents financial statements from an enterprise fund perspective. Many of the funds maintained by the Authority are required by the Department of Housing and Urban Development and others are segregated to enhance accountability and control. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain Authority functions. Each fund is a separate accounting entity with a self-balancing set of accounts. The Authority's funds or programs are as follows:

- Business Activities Programs
- Capital Fund Grant Program
- Housing Choice Voucher Program
- Low Income Public Housing
- Resident Opportunities and Self Sufficiency Program
- Section 8 Moderate Rehabilitation Program

The Business Activities Programs are non-federally aided programs administered by the Authority which include the following:

- Hopkins Tancil development
- Princess Square development
- West Glebe
- Miller Homes development
- Quaker Hill development
- Virginia Housing Development LLC
- Donations program
- Security Deposit loan program
- Investment program
- Authority Loan program
- Hope IV loan program
- Revolving fund program

Component Unit Programs are entities that are privately owned by outside investors with the Authority acting as the general partner and are as follows:

- Chapman Square LP
- BWR LP
- West Glebe LP
- Old Dominion LP
- James Bland I LP
- James Bland II LP
- James Bland IV LP
- James Bland V LP
- Pendleton Park LP

#### FINANCIAL ANALYSIS OF THE AUTHORITY

One question frequently asked about an Authority's finances is "Did the Authority's operations and financial position improve or deteriorate over the previous fiscal year?" The Statement of Net Position and the Statement of Revenues, Expenses and Net Position report information about the Authority's activities and are summarized in the following sections.

To begin our analysis, a summary of the Authority's Statement of Net Position is presented in Table I.

#### Alexandria Redvelopment & Housing Authority Combined Statement of Net Position TABLE I

Total Net Position	106,494,805	96,242,303	10,252,502	10.65%
Total Liabilities & Net Position	139,716,785	138,367,595	1,349,190	0.98%

#### Current Assets:

Current assets are made up of cash, receivables and prepaid expenses. Current assets increased by \$1.5 million or 5.14% due to several factors:

- The increase in current assets was directly related to collections on development deals and development deal construction loans, \$2.46 million.
- Reduction of accounts receivable balances, tenant, misc. and governmental, was due to better cash management related to governmental receivables and tenant accounts receivable balances and timing of collections related to misc. receivable balances.
- The increase in deferred outflows is a result of GASB 68 being implemented in FY 2015, which requires the reporting of deferred inflow and outflows as well as pension liability. The increase relates to deferred pension payments made between July 1, 2015 to December 31, 2015.

#### **Current Liabilities**

Current liabilities are made of accounts payable, accrued liabilities, unearned revenue and security deposits. Current liabilities decreased by \$(2.88) million or 43.62%. The decrease was driven by the following factors:

Capital Debt, Current portion decreased by \$(2.79) million due to the payment of Hopkins Tancil debt obligations.

Other changes are mostly due to timing when payments are received and due and minor in comparison to the overall balance.

#### Non-current Liabilities

Non-current liabilities are made up of long-term debt, family self-sufficiency escrow accounts, accrued compensated absences and other accrued liabilities that are long term in nature. Non-current liabilities decreased by \$(6.6) million due to the following factors or events:

- The major change in this category is related to capital debt and the payment of debt with equity receipts related to the James Bland redevelopment. This equaled \$(6.9) million in reductions in this category.
- Other changes were minor within this category and related to minor timing issues and expected fluctuations within this category.

#### GASB 68 Activity

The Authority implemented GASB 68 during the fiscal year using the VRS report dated June 30, 2015. The information is described in the footnotes to the financial statements and is per the new reporting standards related to GASB 68 information.

#### Net Position

As illustrated in the Combined Statement of Net Position, the overall Net Position of the Authority increased by \$10.3 million.

The "Investment in Capital Assets" increased by \$13.5 million or 18 %. This was due to the James Bland redevelopment, payment of James Bland and Hopkins Tancil property debt and improvements to other properties offsetting depreciation expense.

The Restricted Net Position account is made up of Development Funds and Housing Choice Voucher reserves. The account balance decreased by \$1.9 million or 15.56% due to the following factors:

Decreased due to receipts of proceeds related to development loan activity.

The Unrestricted Net Position decreased by (1.4) million or 15.93% due to receipt of proceeds related to development loan activity.

While the Statement of Net Position shows the change in financial position, the Statement of Revenues, Expenses, and Change in Net Position breaks down our revenues and expenses further. Table II provides a Statement of Revenues, Expenses and Change in Net Position by Revenue Source.

#### REVENUES

In reviewing the Statement of Revenues, Expenses, and Change in Net Position, you will find that 78% of the Authority's revenues are derived from grants from the Department of Housing and Urban Development and other Governmental subsidies. The Authority receives revenue from tenants for dwelling rental charges, excess utilities, and miscellaneous charges of 17% of total revenue. Other Revenue comprises the remaining 4% and Interest income represents roughly 1%.

Compared to the Fiscal Year Ended December 31, 2015, revenues had an overall decrease of (1.1) million or (3.09)%.

**Tenant Revenue** - Tenant Revenue had a increase from \$5,377,621 to \$5,897,329 or an increase of \$519,708 or 9.66%. This is mainly related to new redeveloped properties coming online and moving closer to full lease-up.

**Program Grants/Subsidies** – Federal and State subsidies for the year increased by \$1.22 million or 4.6% from \$26.69 million in fiscal year 2014 to \$27.91 million, combination of operating and capital grants, in fiscal year 2015. The main reasons for the increases are as follows:

The main reason for the increase was directly related to increases within the HCVP activity with other changes overall basically offsetting each other

See Table IV for the comparative funding schedule:

# Table IIIHUD Funding Comparative

% Change	5.40%	121.91%	4.01%

**Interest Income** - Increased by \$38,308 or 90.58 % due to increased cash and cash equivalents with steady interest rates.

**Other Income/Interest Income** – Other income decreased by \$(2.9) million due to less development activity.

#### **EXPENSES**

The Alexandria Redevelopment & Housing Authority experienced an increase in operating expenses for the current year from \$37.97 million to \$38.80 million or a net increase of \$828,178 or 2.18%. The highlights of the expenses for the current year are as follows:

Administrative – Administrative costs include all non-maintenance and non-resident service personnel costs (including benefits and accrued leave), legal costs, auditing costs, travel and training costs, and other administrative costs such as supplies, telephone expense, etc. Compared to 2014, administrative costs increased by \$509,607 or 8.37%. The main drivers in the overall increase were as follows:

- Office expenses increased by \$208,709 due to moving into the new administrative building and stocking up on office supply and expense needs.
- Administrative costs increased by \$122,963 related to training, consulting fees and other misc. items.
- Small increases to salary and wages, auditing, advertising, benefits, legal and travel were noted but nothing of a material nature or significant events.

**Tenant Services** – Tenant Services costs include all costs incurred by the Authority to provide social services to the residents. The ARC and Ladrey Advisory Boards receive funding for board meetings, training costs, and other items to assist them in staying informed on its role in the Authority's operations. Tenant Services costs decreased from \$381,060 to \$317,534 or a decrease of \$(63,526) or 16.67%. The decrease was related to decreases in relocation costs, program costs and benefit costs offsetting increases in salaries.

**Utilities** - The total utilities expense for the Authority increased by \$80,447 or 5.51%. The larger drivers in this increase related to electricity, \$49,415 and gas, \$21,183, while water expenses decreased by \$9,764.

**Maintenance** – Maintenance costs are all costs incurred by the Authority for the 769 Public Housing units, which are owned by the Authority, to be operated in a safe and sanitary manner. Costs include personnel costs, materials used to maintain the units, contracts for waste management, vehicle costs and maintenance, and telephone/radio service, etc. The Maintenance Expense for the Authority decreased from \$3.85 million to \$3.38 million for a decrease of \$(467,181) or 12.15%. The main factors for this decrease were as follows:

- Salary and benefit costs increased by \$170,912.
- > Materials increased due to the increased unit turnover needs.
- Contract costs decreased by \$(813,861) due to decreased unit turnover needs as well as major repair needs that were completed by the in-house maintenance staff.
- There was \$201,995 in extraordinary maintenance expenses related to demolition expenses.

**Protective Services** – Protective services costs were for security and fire monitoring services. The total expense for the year was 40,894 or a decrease of (8,342). The Authority utilizes security and fire monitoring services for the protection of elderly, disabled and other residents. The services helped reduce crime and protect the Authority's assets.

**Insurance Expenses** – General Expenses include insurance costs (property, auto, liability, workers' compensation, public officials' liability, lead based paint insurance, etc.). The overall insurance costs decreased from \$531,799 to \$527,803 or \$(3,996). There was no major changes in this account and the change wasn't material.

**General Expenses** – General Expenses include other general expenses like rent, collection losses, compensated absences expenses and payment in lieu of taxes to the City of Alexandria. General expenses for the Authority increased from \$534,835 to \$730,964 or an increase of \$196,129. The increase is related to bad debt write-offs related to the issues noted in the State/Local and AMP portfolios as well as other general expenses of \$78,456, and increased compensated absences used in the amount of \$32,479. There was a decrease in the PILOT expenses in the amount of \$(25,426) related to decrease in traditional public housing units and rental activity.

**Housing Assistance Payments Program** -- HAP payments consist of rental payments to owners of private property for which the housing authority has a HAP agreement with the tenant and the owner for the difference between the tenants' rent and the applicable payment standard. HAP payments for the Authority increased from \$19,373,519 to \$19,997,680 or an overall increase of \$624,161 or 3.22%. This was due to increased lease-ups and increased payment standards.

**Depreciation** – Because the costs of all capitalized additions are spread over the estimated useful life of an asset, the estimated current year costs of capitalized items is recorded as depreciation. Depreciation Expense for the current year increased by \$1.05 million or 24.77%. This was due to new developments placed in service in the current year.

**Other Non-Operating Expenses** – The Authority had other non-operating revenues/expenditures related to interest expense and amortization.

Interest expense decreased by \$(268,915) or 31.17% due to payment of debt and normal amortization of capital debt principal balances. Amortization expense was \$10,307 due to expensing of financing expenses.

**Prior Period Adjustments -** There were \$(571,630) in prior period adjustments for fiscal year ended December 31, 2015. These adjustments were made due to changes required by GASB 68 pension related activities.

#### CAPITAL ASSETS

At the end of fiscal year 2014 the Authority had invested in Capital Assets of \$108.76 million, net of depreciation. As of December 31, 2015, the Authority had a net decrease in net capital assets of \$(341,779) from 108.76 million to \$108.42 million or .31 %. The following illustrates the Capital Asset values for 2015 and 2014.

## Combined Statement of Capital Assets TABLE IV

Total Capital Assets	108,420,695	108,762,474	(341,779)	-0.31%

The Authority has five ongoing HUD Capital Fund grants. The total capital improvement for the year was \$4.7 million, \$360,346 for CFP and \$4.34 million in other capital projects. There were \$4 million in capital development within the Tax Credit LLC's during the fiscal year. Most of the activity was related to James Bland IV and V developments.

The Authority is aggressively working to improve the overall quality of their housing stock and have used the programs for that purpose. The Authority expects continued increases in capital expenditures for the upcoming years to continue the upgrade of the Authority's housing stock.

#### LONG TERM DEBT

Noted in the State/Local portfolio, the PHA has four funds with long-term capital debt financing with the nine Tax Credit LLC projects. These entities, Quaker Hill, Glebe Park, Princess Square, and Hopkins Tancil in the State/Local portfolio, and Chatham Square, BWR, West Glebe, Old Dominion, James Bland I, II, IV, V and Pendleton Park provide

low-income rental housing, under the Public Housing and Multi-family HUD funding systems, for the residents of the City of Alexandria. Table V gives us an analysis of debt activity from FY 2014 to FY 2015.

The long-term debt balance decreased by (6.34) million and short term debt decreased by (2.79) million. The decrease was due to the payment of the Hopkins Tancil debt obligation as well as reduction in debt related to redevelopment deals, see note 15.

#### **ECONOMIC FACTORS AND EVENTS AFFECTING OPERATIONS:**

Several factors may affect the financial position of the authority in the subsequent fiscal year. These factors include:

- (1) The population of the City of Alexandria was 153,511 per the 2015 census estimates.<sup>1</sup> This is a 9.6% increase in population since the 2010 census data.<sup>2</sup>
- (2) The City of Alexandria, per the 2015 census, had 8.7% of the city's population under the poverty level as compared to the 13.5% rate for the entire United States of America.<sup>3</sup>
- (3) As described in the Authority's Five-Year Plan, the Authority is working to increase the number of quality properties and units available for low-income residents of the City of Alexandria. Included in this plan is to revitalize current housing stock with innovative funding methods to accomplish these goals.
- (4) The Authority is actively working to improve the Authority's image within the community of the City of Alexandria through increased public relation efforts. This will provide a higher visibility of the Authority and its goals so that the community will understand the vision of the Authority. This will provide a

working relationship between the community and Authority in providing safe, decent, and affordable housing opportunities.

- (5) The Authority is currently working on redeveloping the Ramsey Homes development and is working with the city of approvals necessary to begin this development and expand the housing opportunities for the residents of the City of Alexandria.
- (6) The City of Alexandria is a suburb of Washington D.C. which creates incredible pressure on affordable housing needs and costs. In the City of Alexandria homeownership is at 42.7% compared to the national average of 64.4%. The rental needs within the City of Alexandria are immense, specifically affordable housing, which provides incredible opportunities for the Authority but creates incredible demands on capital and operating resources which are difficult to meet.<sup>4</sup>

#### **CONCLUSIONS:**

Overall, the Alexandria Redevelopment & Housing Authority had a good year financially which is consistent with prior year's performance. ARHA's management is committed to staying abreast of regulations and appropriations as well as maintains an ongoing analysis of all budgets and expenses to ensure that the Authority continues to operate at the highest standards established by the Real Estate Assessment Center and the Department of Housing and Urban Development.

This financial report is designed to provide our AHRA residents, the citizens of Alexandria, Virginia, all federal and state regulatory bodies, and any creditors with a general overview of the Authority's finances. If you have any questions regarding these financial statements or supplemental information, you may contact Derek McDaniel, Finance Director at (703) 549-7115 Ext 242, or by writing: Alexandria Redevelopment Housing Authority, 401 Wythe Street, Alexandria, Va. 22314.

#### NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2015

#### NOTE 1: ORGANIZATION AND REPORTING ENTITY

A. <u>Reporting Entity</u> - The Alexandria Redevelopment and Housing Authority (ARHA) is a non-profit organization which was organized under the laws of the Commonwealth of Virginia to provide low rent housing for qualified individuals in accordance with the rules and regulations prescribed by the Department of Housing and Urban Development and other Federal Agencies. ARHA is responsible for operating a low-rent housing program which provides housing for eligible families, for operating redevelopment and conservation programs and for the delivery of services to citizens of low-rent housing and urban renewal areas through the encouragement and development of social and economic opportunities. As required by GAAP, these statements present the funds, activities, and functions of ARHA (the primary government). ARHA is not a component unit of the City of Alexandria.

Component units are reported as part of the reporting entity under either the blended or discrete method of presentation. Blended involves merging the component unit data with the primary government. The discrete method presents the financial statements of the component unit outside of the basic financial statement totals of the primary government.

In determining how to define the reporting entity, management has considered all potential component units. The decision to include component units in the reporting entity is made by applying the criteria set forth in *Section 2100 and 2500 of the Codification of Governmental Accounting and Financial Reporting Standards and Statement No. 14 (amended), of the Governmental Accounting Standards Board: The Financial Reporting Entity and Statement No. 61 of the Governmental Accounting Standards Board: The Financial Reporting Entity: Omnibus.* These criteria include manifestation of oversight responsibility including financial benefit to or burden on a primary organization, financial accountability as a result of fiscal dependency, potential for dual inclusion, and organization included in the reporting entity although the primary organization is not financially accountable. The Authority has two blended component units under the State and Local section of the HUD REAC Financial Data Schedule: Virginia Housing Development, L.L.C. and Quaker Hill, L.P. The Authority reports nine blended component units West Glebe, L.P.; Braddock Whiting Reynolds, L.P.; Madden AUOE, L.P.; Pendleton Park, L.L.C.; Old Dominion, L.P.; James Bland I, L.P.; James Bland II, L.P.; James Bland IV, L.P.; and James Bland V, L.P.

#### NOTES TO FINANCIAL STATEMENTS - Continued FOR THE YEAR ENDED DECEMBER 31, 2015

#### NOTE 1: ORGANIZATION AND REPORTING ENTITY (Cont'd)

B. <u>Government-Wide and Fund Financial Statements</u> - The government-wide fund financial statements report information on all of the activities of the Authority. For the most part, the effect of inter-fund activity has been removed from these statements. The Authority's activities are entirely business-type activities, which rely to a significant extent on fees and charges for support.

Major individual enterprise funds are reported as separate columns in the fund financial statements.

All the funds of the Authority are proprietary funds. They are described below:

**Proprietary Funds** - are used to account for activities that are similar to those often found in the private sector. These funds are accounted for on the flow of economic resources measurement focus and use the accrual basis of accounting. The following are the Authority's proprietary funds:

*Enterprise Funds* - account for operations that are financed in a manner similar to private business enterprises, where the intent is that costs of providing goods or services to the general public by the Authority is that the costs (expenses, including depreciation) of providing goods and services to the general public on a continuing basis be financed or recovered primarily through user charges.

C. <u>Measurement Focus, Basis of Accounting, and Financial Statement Presentation</u> - The government wide fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The Authority has no governmental funds.

The Authority reports the following major proprietary funds:

<u>Low-Rent Housing Fund</u> - The Low-Rent Housing Fund includes the Housing Operations Programs. These funds are used to account for housing operations primarily funded by the annual contributions contract with the Department of Housing and Urban Development (HUD).

<u>Housing Choice Voucher Fund</u> - Under this program, rental assistance payments are made by the Authority primarily to landlords on behalf of eligible families. These programs are funded by the annual contributions contract with HUD.

<u>State Fund</u> - The State/Local Fund includes Jefferson Village as well as the Security Deposit Loan Fund, Donations Fund, Miller Homes, Quaker Hill, and Hopkins Tancil.

<u>Business Activities</u> – The business activities fund provides loans for other programs to invest in affordable housing and also invests directly in affordable housing.

#### NOTES TO FINANCIAL STATEMENTS - Continued FOR THE YEAR ENDED DECEMBER 31, 2015

#### NOTE 1: ORGANIZATION AND REPORTING ENTITY (Cont.)

#### C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation - (Cont.)

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in both the government-wide and proprietary fund financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board. Governments also have the option of following subsequent private-sector guidance for their business-type activities and enterprise funds, subject to this same limitation. The Authority has elected not to follow subsequent private-sector guidance.

As a general rule the effect of inter-fund activity has been eliminated from the government-wide fund financial statements. Exceptions to this general rule are payments-in-lieu of taxes and other charges between certain Authority's functions because the elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of all the Authority's enterprise funds are governmental grants used for maintaining and operating low income housing assistance programs. Operating expenses for these enterprise funds include administrative expenses, utilities and maintenance of housing units and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the Authority's policy to use restricted resources first, then unrestricted resources as they are needed.

- D. <u>Use of Estimates</u> The preparation of the financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosures of contingencies at the date of the financial statements, and revenues and expenses recognized during the reporting period. Actual results could differ from those estimates.
- E. <u>Cash and Cash Equivalents</u> Highly liquid investments with initial maturities of three months or less from date of purchase are considered cash equivalents.
- F. <u>Investments</u> Investments are carried at fair value, with changes in fair value recognized as a component of investment income. Fair value is determined by reference to quoted market prices.

#### NOTES TO FINANCIAL STATEMENTS - Continued FOR THE YEAR ENDED DECEMBER 31, 2015

#### NOTE 1: ORGANIZATION AND REPORTING ENTITY (Cont.)

G. <u>Land, Structures, and Equipment</u> - Land, structures and equipment are capitalized at cost with depreciation calculated on the straight-line basis over the following estimated useful lives:

Real Property	30 years
Real Property Improvements	20 years
Office Furniture and Equipment	7 years
Data Processing Equipment and Automobiles	5 years

When assets are retired, demolished, or sold, their costs are removed from the accounts and the proceeds, if any, are reflected in revenues currently.

#### H. Impairment of Long-Lived Assets

GASB Statement No. 42, Accounting and Financial Reporting for Impairment of Capital Assets and for Insurance Recoveries, establishes accounting and financial reporting standards for impairment of capital assets. Under the provisions of the statement, prominent events or changes in circumstances affecting capital assets are required to be evaluated to determine whether impairment of a capital asset has occurred. Impaired capital assets that will no longer be used should be reported at the lower of carrying value or fair value. Impairment of capital assets with physical damage generally should be measured using the restoration cost approach, which uses the estimated cost to restore the capital asset to identify the portion of the historical cost of the capital asset that should be written-off. No such impairment loss was incurred during the current year.

#### I. Intangible Assets

Bond financing costs on the capital program revenue bonds are amortized over the life of the issue using the straight-line method, which approximates the effective-interest method.

- J. <u>Annual Contributions and Operating Subsidies</u> In accordance with the annual contributions contracts, ARHA receives operating subsidies from HUD. Such amounts are included as grant revenues from the federal government in the financial statements. The Component Unit does not participate in any grant programs at this time.
- K. <u>Compensated Absences</u> Accumulated Unpaid Vacation, Sick Pay, and Other Employee Benefit Amounts - Accumulated unpaid vacation and other employee benefit amounts are accrued when incurred in the applicable fund. No liability is recorded for non-vesting accumulating rights to receive sick pay benefits.
- L. <u>Indirect Costs</u> Certain indirect costs are funded on a fee-for-services basis. These fees were approved by the appropriate grantors as of ARHA's overall operations budget for the fiscal year.

#### NOTES TO FINANCIAL STATEMENTS - Continued FOR THE YEAR ENDED DECEMBER 31, 2015

- M. <u>Net Position</u> Net Position balances are designated by the Low Rent Fund, Section 8 Housing Choice Voucher Fund, Other Federal Grants Fund, Business Activities and State/Local Fund for future expenses, or must be returned to the grantor, and generally may not be used in any manner by ARHA except as specified under their respective contracts. The Net Position balance of the Business Activities Fund are designated to provide for financial resource utilization in future periods. Deficit balances in net positions are primarily attributable to accumulated depreciation charges on fixed assets.
- N. <u>Pension Plans</u> ARHA participates in a defined benefit pension plan administered by the Virginia Retirement System (VRS). For purposes of measuring net pension liability, deferred inflows/outflows of resources related to pensions, and pension expense, information about the fiduciary net position of ARHA's retirement plan and the additions to/deductions from the plan's net fiduciary position have been determined on the same basis as they were reported by the Virginia Retirement System (VRS). For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.
- O. <u>Income Taxes</u> As a political subdivision of the State of Virginia, ARHA is exempt from Federal and State income taxes.
- P. <u>New Accounting Pronouncements</u> Effective December 31, 2015, ARHA implemented GASB No. 68, Accounting and Financial Reporting for Pensions and GASB No. 71, Pension Transition for Contributions made Subsequent to the Measurement Date-An Amendment of GASB Statement No. 68. The adoption of these statements required ARHA to recognize a pension asset for its defined benefit retirement plan. The net pension asset represents the difference between the total pension liability and the value of pension plan assets available to pay pension benefits. The cumulative effect of this accounting change resulted in an increase of \$571,631 to the beginning net position.

#### NOTE 2: DEPOSITS & INVESTMENTS

<u>Deposits</u> - At year end, the carrying amount of deposits with banks and savings institutions was \$13,808,710 unrestricted and \$15,679,064 restricted. Of the bank balance, \$15,170,736 was covered by Federal depository insurance or collateralized in accordance with the Virginia Security for Public Deposits Act (the Act) and HUD requirements. Under the Act, banks holding public deposits in excess of the amounts insured by federal depository insurance must pledge collateral in the amount of 50% of excess deposits to a collateral pool in the name of the State Treasury Board. Savings and loan institutions are required to collateralize 100% of deposits in excess of federal depository insurance from all banks, savings and loan, and investment institutions for all cash deposits and for investment vehicles not directly held. The State Treasury Board requires ARHA to obtain additional collateral from participating financial institutions to cover collateral shortfalls in the event of default and is responsible for monitoring compliance with the collateralization and reporting requirements of the Act and for notifying local governments of noncompliance by banks and savings and loan institutions. ARHA follows HUD's guidelines for investments policy.

#### NOTE 2: DEPOSITS & INVESTMENTS (Cont'd)

Investments - As of December 31, 2015, the Authority had no investment balances.

<u>Interest Rate Risk</u> – The Authority does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

<u>Concentration of Credit Risk</u> – The Authority places no limit on the amount the Authority may invest in any one issuer. All of the Authority's investments are in U.S. Government Securities.

<u>Custodial Credit Risk</u> – Custodial credit risk is the risk that in the event of a bank failure, the Authority's deposits may not be returned to it. The Authority does not have a deposit policy for custodial credit risk. As of December 31, 2015, all of the Authority's investments were in U.S. Government Securities held in the Authority's name.

<u>Restricted Cash</u> – Restricted cash is made up of HOPE VI non-federal modernization funds, restricted HAP Funds, security deposit, FSS escrow funds and restricted cash for replacement reserve, residual receipts and taxes and insurance needs. They are restricted by HUD for the purposes stated above.

### NOTE 8: DEFINED BENEFIT PENSION PLAN

The Authority contributes to the Virginia Retirement System (VRS), a cost-sharing multi-employer defined benefit public employee retirement system that acts as a common investment and administrative agent for political subdivisions in the Commonwealth of Virginia.

### a. Plan Description

All full-time, salaried employees of the Authority are automatically covered by the VRS Retirement System upon employment. Benefits vest after five (5) years of service. Employees are eligible for an unreduced retirement benefit at age 65 with five (5) years of service.

The VRS issues a publicly available comprehensive annual financial report (CAFR) that includes financial statements and required supplementary information for VRS. A copy of that report may be obtained by visiting the VRS website at <u>http://www.varetire.org/pdf/publications/2015-annual-report.pdf</u> or by writing the System's CFO at P. O. Box 2500, Richmond, VA 23218-2500.

### NOTE 8: DEFINED BENEFIT PENSION PLAN - (Cont.)

### b. Employees Covered by Benefit Terms

As of the June 30, 2014 actuarial valuation, the following employees were covered by the benefit terms of the pension plan:

	Number
Inactive Members or Their Beneficiaries Currently Receiving Benefits	34
Inactive Members: Vested	7
Non-Vested	26
Active Elsewhere in VRS	6
Total Inactive Members	39
Active Members	71
Total Covered Employees	144

### c. Contributions

The contribution requirement for active employees is governed by Title 51.1-145 of the *Code of Virginia*, as amended, but may be impacted as a result of funding provided to state agencies by the Virginia General Assembly. Employees are required to contribute 5.00% of their compensations toward their retirement. Prior to July 1, 2012, all or part of the 5.00% member contribution may have been assumed by the employer. Beginning July 1, 2012, new employees were required to pay the 5.00% member contribution. In addition, for existing employees; employers were required to begin making the employee pay the 5.00% member contribution. This could be phased in over a period of up to 5 years and the employer is required to provide a salary increase equal to the amount of the increase in the employee-paid member contribution. ARHA's contractually required contribution rate for the year ended June 30, 2015 was 1.88% of covered employee compensation. This rate, when combined with employee contributions, was expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions from the Authority to the pension plan were \$334,135 and \$427,072 for the years ended December 31, 2015 and December 31, 2014, respectively.

### NOTE 8: DEFINED BENEFIT PENSION PLAN - (Cont.)

### Liabilities, expenses and deferred outflows/inflows of resources related to pensions

### a. Actuarial Assumptions

The total pension liability for General Employees in the Authority's retirement plan was based on an actuarial valuation as of June 30, 2014, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2015.

Inflation	2.50%
Salary increases, including inflation	3.5% - 5.35%
Investment rate of return	7% net of pension plan investment expense, including inflation*

\*Administrative expenses as a percent of the market value of assets for the last experience study were found to be approximately 0.06% of the market assets for all of the VRS plans. This would provide an assumed investment return rate for GASB purposes of slightly more than the assumed 7%. Since the difference was minimal, a more conservative 7% investment return assumption was used for preparation of pension liabilities.

b. Net Pension Asset

The Authority's net pension liability was measured as of June 30, 2015. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation performed as of June 30, 2014, using updated actuarial assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2015. The following table summarizes the changes in the Net Position Liability which resulted in \$31,290 being reported as a pension asset as of December 31, 2015.

### NOTE 9: CONTINGENCIES AND OTHER MATTERS

### a. Litigation and Other Matters

Certain claims, suits and complaints arising in the ordinary course of business have been filed and are pending against ARHA and the Component Unit. In the opinion of management, all such matters are adequately covered by insurance, or, if not so covered, are without merit or are of such kind or involve such amounts as would not have a material adverse effect on the financial statements of ARHA or the Component Unit.

### b. Grants

ARHA has received various other grants for specific purposes. These grants are subject to financial and compliance audits. Such audits could result in requests for reimbursement to the grantor agency for expenditures disallowed under terms of the grant. ARHA management is of the opinion that disallowances, if any, will not be material.

### NOTE 10: IMPAIRMENT OF CAPITAL ASSETS

In accordance with new financial reporting standards issued by the Government Accounting Standards Board's, "Statement No. 42, "Accounting and Financial Reporting for Impairment of Capital Assets and for Insurance Recoveries" requires certain note disclosures. There were no permanent impairments experienced by the Authority that required material adjustments to the Statement of Net Position.

### Note 11: DEFERRED COMPENSATION PLAN

ARHA provides an approved deferred compensation plan under Section 457 of the Internal Revenue Service which is administered by Mutual of America Life Insurance Company. All regular full-time ARHA employees are eligible to participate. The Internal Revenue Code requires that the plan assets and income attributed to the assets be held in trust for the exclusive benefit of the participants and/or beneficiaries. All amounts of employees' compensation deferred under the plan are deposited with the plan trustee, Mutual of America Life Insurance Company, for management and investment. The plan trustee holds all assets of the plan, maintains accounting of each plan participant's accumulated assets, and makes distributions to participants in accordance with the plan document.

### NOTE 12: NET POSITION

Net Position includes HUD grants for development and modernization projects of ARHA's low-income housing units.

### NOTE 13: LONG-TERM DEBT – (Cont'd)

### Quaker Hill – (Cont'd)

The payments due under this note shall be made from Borrower to lender as follows: commencing on or before March 31, 2023 in an amount equal to one hundred percent (100%) of the Borrowers' Residual Receipts, if any, as that term is defined in the Loan Agreement entered into in conjunction with this note, along with the first annual payment of interest. Subsequent annual payments of the remaining interest and principal shall be made at the same rate of one hundred percent (100%) of the Borrower's Residual Receipts, if any. Notwithstanding any other provisions to the contrary, if the City Ioan is not fully paid in thirty (30) years of the date hereof, the Terms of the Agreement shall be renegotiated, giving to the City reasonable opportunity to revisit the conditions and to request any adjustments it considers warranted at that time, contingent on the approval of the Senior Debt Lender. Borrower shall not pay a penalty if the Ioan is not repaid in thirty (30) years, and payment of one hundred percent (100%) of Borrower's Residual Receipts shall continue to be made until the Ioan is paid in full.

ARHA entered into a loan agreement on June 30, 2008 with the VHDA for the redevelopment of the Quaker Hill project. The loan balance as of December 31, 2015 was \$2,976,962 with \$9,800 in accrued interest. ARHA makes monthly payments in the amount of \$13,916, as of December 31, 2015, but subject to annual adjustment per the terms of the amortization schedule, and will be due in full on April 1, 2034. A total of \$49,566 in principal payments were made in fiscal year 2015. The interest rate is 5.25% per annum and cumulative interest payments in fiscal year 2015 were \$117,366. **James Bland I - TCAP deferred note payable -** On October 8, 2009, the Partnership entered into a TCAP Written Agreement ("TCAP Agreement") with VHDA pursuant to the American Recovery and Reinvestment Act of 2009 Tax Credit Assistance Program ("TCAP"). Under the TCAP Agreement, VHDA has agreed to provide TCAP funds to the Partnership in an aggregate amount of \$2,056,530 (the "TCAP Note"). The TCAP Note shall bear no interest and matures on December 31, 2061. The TCAP Note is secured by a deed of trust on the property. Repayment of the loan shall be deferred through December 31, 2041. In exchange for receipt of the funds, the Partnership has agreed to develop and manage the Property in compliance with Federal grant requirements. All records pertaining to TCAP funds must be maintained by the Partnership until the end of the Compliance Period, as defined in the TCAP Agreement, or for a longer period of time, if the record is required to be maintained by VHDA or the IRS to meet tax credit requirements. As of December 31, 2015 VHDA had funded \$2,056,530 of the TCAP Note.

### NOTE 13: LONG-TERM DEBT – (Cont'd)

**Pendleton Park, LLC Loan** - The loan is secured by a deed of trust on the Property and is payable in monthly payments of interest only beginning May 25, 2012 through the maturity date. On June 26, 2013 the Company paid off the construction loan with proceeds from a note with VHDA. Of the original principal amount of the note with VHDA, \$1,200,000 shall be financed under VHDA's REACH-SPARC Program and \$1,300,000 shall be financed under VHDA's REACH SPL MATCH Program. Beginning August 1, 2013 monthly principal and interest payments of \$10,708 are due until maturity. The terms are set forth below.

Loan commitment	\$2,500,000
Interest rate:	3.124%
Maturity:	July 1, 2043

As of December 31, 2015, the note payable balance was \$2,373,664 and total interest expense during 2015 was \$75,062.

Future minimum principal payment requirements over each of the next five years and thereafter are as follows:

Year ending December 31,		
2016	\$ 55,128	
2017	56,875	
2018	58,678

### **Operational Debt**

**Glebe Park Apartments** - The City of Alexandria loaned the ARHA \$5,600,000 for the purpose of paying off the Glebe Park loan on March 1, 2010. The funds are to be repaid from escrow funds from the prior Glebe Park HUD insured loan, sale of Glebe Park and James Bland and/or James Bland Addition properties, from future Glebe Park HOPE VI grants and residual receipts from the redeveloped Glebe Park property. The loan bears an interest rate of 2% per annum. Due to the terms of the loan and volatility of the market we are unsure as to when the various terms of repayment of the loan will be met and do not believe that any portion of the loan will be due in fiscal year 2015. The loan value as of December 31, 2015, is \$5,007,000 with cumulative accrued interest of \$817,276, \$101,141 earned in the current year.

Virginia Housing Development, L.L.C. an instrumentality of the Authority entered into a \$50,000 operational loan to help assist long-term funding needs.

### NOTES TO FINANCIAL STATEMENTS - Continued FOR THE YEAR ENDED DECEMBER 31, 2015

### NOTE 14: INTERFUND BALANCES

Interfund balances have been eliminated in the combined financial statements.

### NOTE 15: ECONOMIC DEPENDENCY

Both the PHA Owned Housing Program and the Section 8 Program are economically dependent on annual contributions and grants from HUD. Both programs operate at a loss prior to receiving the contributions and grants.

### NOTE 16: RELATED PARTY TRANSACTIONS

ARHA has entered into two financing arrangements with the City of Alexandria to fund the revitalizing of the Glebe Park property and the Cameron Valley, L.P. properties. The debt proceeds for each property was \$5,600,000 and \$4,704,600, respectively. The Glebe Park loan net loan balance as of December 31, 2015 was \$5,007,000. The loan for the Cameron Valley LP property was a pass through to the entity and is now completely controlled by ARHA.

### NOTE 17: CONTINGENCIES:

The entity is subject to possible examinations made by federal regulators who determine compliance with terms, conditions, laws and regulations governing grants given to the entity in the current and prior years. These examinations may result in required refunds by the entity to federal grantors and/or program beneficiaries. There are currently lawsuits ongoing; however, there are no amounts which are deemed as contingent liabilities which should be disclosed or accrued in the financial statements. Subsequent to the balance sheet date the PHA was in the process of settling a lawsuit with a prior Executive Secretary but the amount and date of the final resolution were not known as of the management representation letter. The amount of the settlement is not considered material by management or legal counsel.

### NOTE 18: RISK MANAGEMENT

The Authority is exposed to all common perils associated with the ownership and rental of real estate properties. A risk management program has been established to minimize loss occurrence and to transfer risk through various levels of insurance. Property, casualty, employee dishonesty and public official's liability forms are used to cover the respective perils.

Our search for contingent liabilities revealed no liabilities that required disclosure against the ARHA as of December 31, 2015.

### NOTES TO FINANCIAL STATEMENTS - Continued FOR THE YEAR ENDED DECEMBER 31, 2015

### NOTE 19: SUBSEQUENT EVENTS

Management has evaluated subsequent events through September 30, 2016, the date on which the financial statements were available to be issued. There were no material events or transactions since the fiscal year end date of December 31, 2015 through the report date of September 30, 2016.

### NOTE 20: SUPPLEMENTAL INFORMATION

The supplemental information has been included in order to show the financial statements of the Housing Authority on the GAAP basis of accounting but in the format of the HUD Handbook 7476.3, Audit Guide. This is due to the fact that some supplemental information is reviewed by the field office and provides greater detail concerning the operations of the Housing Authority.

### NOTE 21: PRIOR PERIOD ADJUSTMENT

For the year ended December 31, 2015, the Authority has implemented GASB No. 68, *Accounting and Financial Reporting for pensions.* As a result, the Authority was required to adjust its ending 2015 Net Position balance to recognize the Net Pension Liability resulting from adopting GASB No. 68.

Beginning net position for the Authority's Entity-Wide Statement of Net Position as of December 31, 2015 has been restated, a result of these adjustments is as follows:

Net Position, December 31, 2014	\$ 96,242,303
Net VRS Pension Assets as of December 31, 2014	571,631
Net Position, December 31, 2014	\$ 96,813,934

### NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS FOR THE YEAR ENDED DECEMBER 31, 2015

### Note 1: Basis of Accounting

The accompanying Schedule of Financial Assistance is prepared on the accrual basis of accounting. The information on this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principals, and Audit Requirements for Federal Awards (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the Authority, it is not intended to and does not present the financial position, changes in net position, or cash flows of the Authority.

### Note 2: Major Programs

The (\*) to the right of a CFDA number identifies the grant as a major federal program as defined by the Uniform Guidance.

### Note 3: Award Balance

On the Section 8 Vouchers/Certificate programs, ARHA receives annual funds based on an annual estimate of need. Any unused HAP funds are restricted for payment of future HAP payments.

### Note 4: Program Costs

The amounts shown as current year expenditures represent only the federal portion of the actual program costs. Actual program costs, including ARHA's portion, may be more than shown.

### Note 5: Indirect Cost Allocation

The Authority has not elected to use the 10-percent de minimus indirect cost rate as allowed under Uniform Guidance.

### INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Board of Commissioners Alexandria Redevelopment and Housing Authority Alexandria, Virginia

### Report on Compliance for Each Major Federal Program

We have audited Alexandria Redevelopment and Housing Authority's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of Alexandria Redevelopment and Housing Authority's major federal programs for the year ended December 31, 2015. Alexandria Redevelopment and Housing Authority's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

### Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

### Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Alexandria Redevelopment and Housing Authority's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Alexandria Redevelopment and Housing Authority's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Alexandria Redevelopment and Housing Authority's compliance.

### **Opinion on Each Major Federal Program**

In our opinion, Alexandria Redevelopment and Housing Authority complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2015.

### **Other Matters**

The results of our auditing procedures disclosed other instances of noncompliance, which are required to be reported in accordance with the Uniform Guidance and which are described in the accompanying schedule of findings and questioned costs as item 2015-001. Our opinion on each major federal program is not modified with respect to these matters.

### INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE (CONTINUED)

### **Other Matters**

Alexandria Redevelopment and Housing Authority's response to the noncompliance finding identified in our audit is described in the accompanying schedule of findings and questioned costs. Alexandria Redevelopment and Housing Authority's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

### **Report on Internal Control Over Compliance**

Management of Alexandria Redevelopment and Housing Authority is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Alexandria Redevelopment and Housing Authority internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Alexandria Redevelopment and Housing Authority's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance over compliance is a deficiency. The program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance. We consider the deficiency in internal control over compliance described in the accompanying schedule of findings and questioned costs as item 2015-001 to be a significant deficiency.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

### INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Commissioners Alexandria Redevelopment and Housing Authority Alexandria, Virginia

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of Alexandria Redevelopment and Housing Authority, which comprise the statement of net position as of December 31, 2015, and the related statements of revenues, expenses and changes in net position, and cash flows for the year then ended, and the related notes to the financial statements and have issued out report thereon September 30, 2016.

### Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Alexandria Redevelopment and Housing Authority's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Authority's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control, that might be material weakness or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weakness. However, material weakness may exist that have not been identified.

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Alexandria Redevelopment and Housing Authority's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and which are described in the accompanying schedule of findings and questioned costs as item 2015-001.

### **Response to Findings**

Alexandria Redevelopment and Housing Authority's response to the findings identified in our audit is described in the accompanying schedule of findings and questioned costs. Alexandria Redevelopment and Housing Authority's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

### Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Alexandria Redevelopment and Housing Authority's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

### Finding No. 2015-001 – Tenant Compliance

- <u>CONDITION</u>: The Authority's Low-Rent Housing Program had several tenants whose income was not verified using the EIV Income Report, during annual recertification, in accordance with HUD regulations.
- <u>CRITERIA</u>: Tenants of the Low-Rent Housing Program are required to be recertified annually in accordance with HUD regulations. Recertification guidelines require income verification of tenants from a third party source and use of the Enterprise Income Verification (EIV) System.

### QUESTIONED

- <u>COSTS</u>: The amount of questioned costs could not be determined.
- <u>CONTEXT</u>: Of 40 tenant files examined, ten files did not include third party verification of income using the EIV Income Report.
- <u>EFFECT</u>: The Housing Authority could be maintaining or accepting tenants who are not properly certified in accordance with HUD regulations and may not be paying the appropriate amount of rent.
- <u>CAUSE</u>: The overall cause was a lack of effective management oversight and quality control over this program.
- <u>RECOMMENDATION</u>: The Housing Authority should implement greater oversight over the Low-Rent Housing Program tenant compliance and train employees on procedures mandated by HUD regarding tenant income verification and annual recertification.

### NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION RELATED TO PENSIONS FOR THE YEAR ENDED DECEMBER 31, 2015

### Note 1: Changes of Benefit Terms

There have been no significant changes to the System benefit provisions since the prior actuarial valuation. A hybrid plan with changes to the defined benefit plan structure and a new defined contribution component were adopted in 2012. The hybrid plan applies to most new employees hired on or after January 1, 2014 and not covered by enhanced hazardous duty benefits. The liabilities presented do not reflect the hybrid plan since it covers new members joining the System after the valuation date of June 30, 2014 and the impact on the liabilities as of the measurement date of June 30, 2015 are minimal.
